Current Designation: Data Scientist

Current Company: Bithub Technology

Current Location: Pune

Pref. Location: Mumbai, Pune, Bangalore/Bengaluru

Functional Area: Data Science & Analytics

Role: Data Scientist

Industry: Emerging Technologies

Key Skills: Machine Learning, Python, NLP, Time Series Analysis, Regression Analysis, Random Forest, Decision Trees, AWS, MongoDB, SQL, Flask, Data Scientist, Business Analysis, Business Intelligence, Exploratory Data Analysis, Feature Engineering, NLTK, Data Visualization

Total Experience: 3 Year(s) 8 Month(s)

Annual Salary: Rs 4.5 Lakhs

Expected CTC: Rs 7.5 Lakhs

Highest Degree: M.Tech

Notice period: 1 Months

Work Experience

Bithub Technology (Current Employer)

Data Scientist | Jun 2018

Analyzed large amounts of information to discover trends and patterns. Built predictive models and machine-learning algorithms. Combined models through ensemble modeling . Presented information using data visualization techniques  
Collaborated with engineering and product development teams  
Notice Period : 1 Months

Education

Post Graduates ( Full Time )

M.Tech (Electronics/Telecommunication)

Government College of Engineering, Aurangabad | in 2013

Undergraduates ( Full Time )

B.Tech/B.E. (Electronics/Telecommunication)

Pune University | in 2010

IT Skills

Skill Name	Version	Last Used	Experience
Python, VS code, Jupyter notebook.		0	3 Years 5 Months
AWS, MySQL		0	
NumPy, Pandas		0	
SQL		0	

## Language Known

Language	Proficiency	Read	Write	Speak
English	Proficient	✓	✓	✓

## Projects

No Projects Added

## Other Details

### Personal Detail

Date of Birth: 15 Apr 1988

Gender: Male

Marital Status: Married

### Address:

IIT Bombay, Powai, India  
400076

Home Town: mumbai

### Desired Job Details

Job Type: Permanent

Employment Status: Full Time / Part Time

### Work Authorization

US Work Status: Not Mentioned

Countries: Not Mentioned

### Affirmative Action

Category: OBC- Non-Creamy

Physically Challenged: No

## Attached Resume

Prasad Kurhe  
Data Scientist

A result oriented professional with over 3.5 years of experience in Data Science. With a team oriented attitude, I am eager to contribute my abilities that offer professional & organizational growth.

prasadkurhe33@gmail.com 8767851612 IIT Bombay, Powai, Mumbai, India

## WORK EXPERIENCE SKILLS

Data Scientist Python NLP toolkits: NLTK

### SUMMARY

A result oriented professional having more than 3.5 years of experience in the field AWS, MongoDB SQL NumPy, Pandas of Data Science, holding a master degree in Electronics Engineering from Government College of Engineering, Aurangabad. With having experience in Excellent communications skills. Programming languages like Python, C. Expertise in taking Insights from the data, data wrangling, data manipulation, visualization, model building and model deployment. Having Skill sets as Python (NumPy, Pandas, Scikit-learn, Flask). SQL, Exploratory Data Analysis Git, Exploratory Data Analysis, Feature Engineering, Machine learning algorithms, Linear Regression, Logistic Regression, Decision tree, Random Forest etc. ,NLP Scikit-learn, Flask. Feature Engineering, Machine toolkits: NLTK, AWS, MongoDB. C , Postman(Basic API tests). Excellent learning algorithms, Linear Regression, Logistic communications skills, with the ability to synthesize, simplify and explain complex Regression, Decision tree, Random Forest etc. problems to different types of audience, including executives.

Data Scientist

Bithub Technology PROJECTS

06/2018 - Present, Pune

Predicting Disintegrat time of Tablets Loan Amount Predication Based on income

Tasks Conducted data analysis and derived insights using various statistical methodologies & data visualization. ?

The scope of project was to predict the disintegrate time of medical Formulated data cleaning, transformations, feature tablets. . selection for a given business requirement. ? Developed predictive model using various Machine learning

Performed the data Cleaning, Data Analysis over Null values, handled algorithms. outliers .

Built predictive models and machine-learning algorithms. Construction Firm Document Classification

A project was focused on to classify various documents

Presented information using data visualization techniques. automatically to decrease the cost and effort which

Collaborated with engineering and product development teams. they were manual.

Project Developer

Freelancer ACHIEVEMENTS

Tasks GATE Quali?de

Handled projects like LPG gas detection, Automatic on- o? of

Agriculture water pump using GSM module, Automatic toll collection Received Cummins Generator Technology, system, Hotel management projects. Scholarship

## EDUCATION LANGUAGES

M.E. Electronics English

Government College of Engineering Full Professional Pro?ciency

Aurangabad, 85% Hindi

Courses Full Professional Pro?ciency
